

ADP Mobile Solutions App

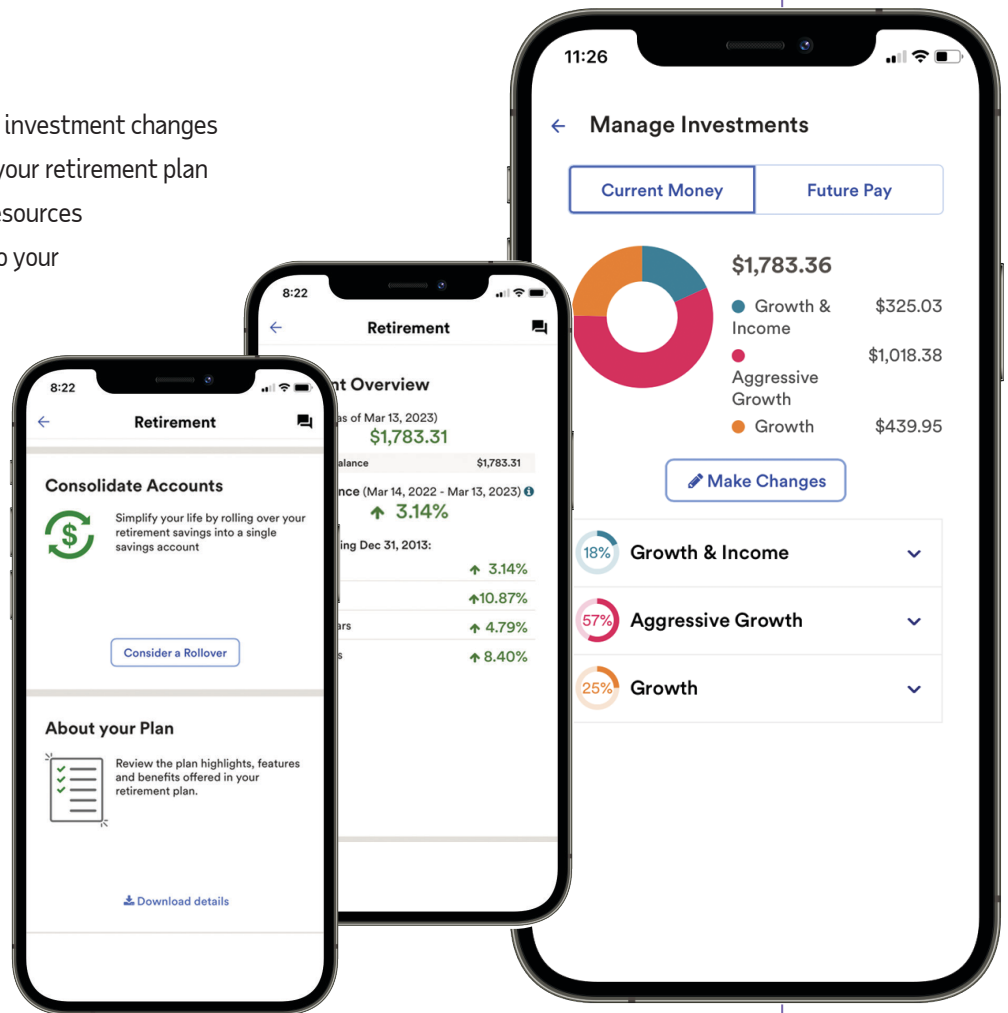

Retirement account access
anywhere – at anytime

The ADP Mobile Solutions App is where your retirement journey begins. The app allows you to quickly access and manage your retirement plan account.

Through the app, you can:

- Enroll and make account changes
- Check account balances
- Research plan investments and request investment changes
- Receive important notifications about your retirement plan
- Access retirement planning tools and resources
- Consolidate accounts with a rollover into your current retirement plan

These screens are representative of website features and is not meant to reflect any specific investments or customer account.

Review the fees and expenses you pay, including any charges associated with transferring your account, to see if consolidating your accounts could help reduce your costs or provide preferred features that you may find beneficial, such as access to institutional funds, fiduciary-selected investments, and other ERISA protections.

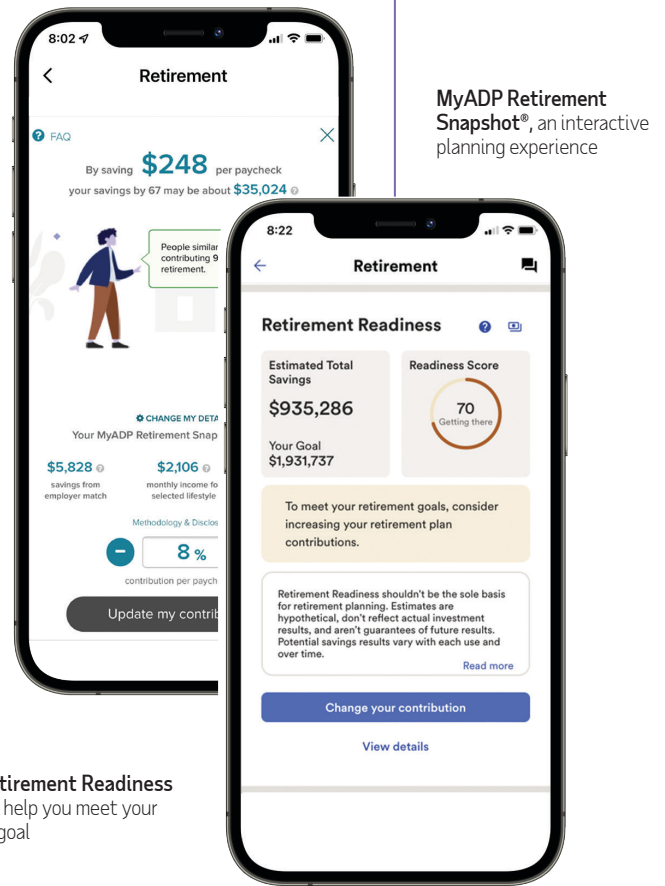

MyADP Retirement Snapshot®

When you are ready to enroll, answer a few simple questions about yourself and your plans for the future. Instead of guessing at a savings amount, Snapshot helps you understand your savings target then suggests the savings amount needed to reach it. You can adjust your variables and immediately put your plan into action.

Retirement Readiness Experience

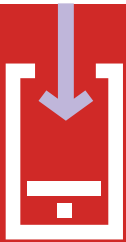

Already participating? ADP's Retirement Readiness tool will help you determine if you are on track to achieve your retirement savings goals.

The tool uses the current total savings in your retirement plan and the additional information you provide in your Retirement Profile to provide you an estimated savings goal and Readiness Score that can help you easily determine if you are on track to meet your savings goal.
