WHY DO I NEED...

A Medical FSA?

WHAT IS IT?

A **Medical Flexible Spending Account (Medical FSA)** helps ease the burden of paying for health care by allowing you to use tax-free money to pay for your family's eligible medical expenses. After you set an election during your company's benefits enrollment period, you have access to that full election (all of the money in the account) on the first day of the plan year.

WHAT IS IT USED FOR?

You can use the money in a Medical FSA for qualified medical expenses. This includes coinsurance and copays, your deductible, dental or vision expenses, and over-the-counter drugs and medicines. Check your Plan Highlights for additional information regarding eligible expenses.

HOW DO I SAVE MONEY?

Just like your health insurance premiums, the money for a Medical FSA money comes out of your paycheck before taxes. That's why Medical FSAs (and other accounts like it) are referred to as "pre-tax benefits."

TAX SAVINGS EXAMPLE

You put \$2,000 into your FSA and are taxed at a rate of 30%. You save \$600 annually.*

*For illustration purposes only. Individual tax rates and maximum limits apply.

CALCULATE YOUR SAVINGS

Annual Election x Tax Rate = Annual Savings

\$ _____ x _____ % = _____

WHY DO I NEED THIS PLAN?

There are two main reasons to participate in a Medical FSA:

- **It helps with cash flow.** The full annual election is available at the start of the plan year.
- **It's flexible.** Unlike Health Savings Accounts (HSAs) or Health Reimbursement Accounts (HRAs), a Medical FSA doesn't have any specific insurance requirements (or restrictions), so most people are eligible to enroll.

Take the first step — estimate your expenses. What are you likely to spend on medical expenses for the coming plan year? It's a good idea to be conservative in your estimates; you can't change your election after your company's benefits enrollment period ends unless you have a qualifying event. Be sure to check your Plan Highlights to determine the date restrictions on using the funds in the Medical FSA, and estimate your expenses using our FSA Calculator in BenefitResource.com/resource-center

Don't miss open enrollment! You have a limited time to enroll in a Medical FSA. Confirm with your benefits enrollment representative when and how to enroll.

WHY DO I NEED...

A Dependent Care FSA?

WHAT IS IT?

A **Dependent Care Flexible Spending Account (Dependent Care FSA)** allows you to use tax-free dollars to pay for qualified child day care or adult day care expenses.

WHAT IS IT USED FOR?

The funds in a Dependent Care FSA are for out-of-pocket expenses like nursery school, child day care, before/after school care, and even care for adult dependents. You cannot use the funds in a Dependent Care FSA for any medical purchases or services for your family. For that, you will need to make a separate election for a Medical FSA.

HOW DO I SAVE MONEY?

A Dependent Care FSA gives you the power to set aside money, tax free, from your paycheck to put towards caring for your children and any adult dependents in your care.

TAX SAVINGS EXAMPLE

You spend \$5,000 on day care each year. By enrolling in a Dependent Care FSA, you could save upwards of \$1,500.*

EXAMPLE SAVINGS CALCULATION

$\$5,000 / \text{year} \times 30\% \text{ tax rate} = \$1,500 / \text{year}$
in savings*

CALCULATE YOUR SAVINGS

Annual Election x Tax Rate = Annual Savings

\$ _____ x _____ % = _____

*For illustration purposes only. Individual tax rates and maximum limits apply.

WHY DO I NEED THIS PLAN?

A Dependent Care FSA is a financial tool used to reduce the cost of child and adult dependent care. You set aside tax-free money from your paycheck to put toward services you are already paying for. Ultimately, a Dependent Care FSA is just one more savings tool. Additionally, if you have medical expenses for a dependent, you can consider enrolling in a Medical FSA with a separate election to receive tax-free savings on those expenses.

Beniversal FSA

Flexible Spending Accounts (FSAs) are IRS-approved accounts that allow you to pay for eligible medical and dependent care expenses on a tax-free basis. When you enroll in an employer-sponsored Flexible Spending Account, your contributions are not subject to Federal, FICA and most state taxes. This means you bring home more money in your paycheck.

The two most common FSAs are a **Medical FSA** and **Dependent Care FSA**. You can have both accounts at the same time, but you must enroll in and fund separate elections for each. For individuals contributing to a Health Savings Account, you may have the option to select a Limited Purpose FSA instead of the Medical FSA.

MEDICAL FSA

(MEDICAL EXPENSES FOR YOUR FAMILY)

WHAT ARE THESE FUNDS USED FOR?

Funds can be used to pay for eligible medical expenses provided to you, your spouse, or eligible dependents.

WHEN CAN I START USING THE FUNDS IN MY ACCOUNT?

Your full plan year election is available to use on the first day of the plan year.

WHAT IS AN ELIGIBLE EXPENSE?

You can use these funds to pay for expenses that primarily prevent, treat, diagnose or alleviate a physical or mental defect or illness. Common eligible expenses include:

- Copayments, coinsurance, and deductibles
- Dental care (e.g. exams, fillings, crowns)
- Vision care, eyeglasses, contact lenses
- Chiropractic care
- Prescription drugs and over-the-counter drugs and medicines

WHAT ISN'T ALLOWED?

- You cannot use these funds to pay for expenses that are for personal care, cosmetic, or general health purposes.
- You can also not reimburse expenses from any other source (e.g. insurance).
- You cannot have a Medical FSA if you are enrolled in a Health Savings Account (HSA). However, a Limited Purpose FSA may be available.

WHAT HAPPENS TO FUNDS I DON'T USE?

Check your plan highlights for information about how unused funds are treated.

DEPENDENT CARE FSA

(DAY CARE EXPENSES)

WHAT ARE THESE FUNDS USED FOR?

Funds can be used for a qualified person:

- A dependent child under the age of 13 for whom you can claim a tax exemption, or
- A spouse or dependent who is physically or mentally incapable of self-care and for whom you can claim a tax exemption.

WHEN CAN I START USING THE FUNDS IN MY ACCOUNT?

Dependent Care funds become available as they are deposited from payroll.

WHAT IS AN ELIGIBLE EXPENSE?

Expenses must enable you or your spouse to be gainfully employed, look for work, or attend school full-time. Common eligible expenses include:

- Before & after school care
- Child care
- Day care in a facility
- In-home dependent care
- Nursery school
- Adult care

WHAT ISN'T ALLOWED?

You cannot use these funds to pay for services provided for education, overnight camps, or services provided by the child's parent or other dependents. You also cannot claim a federal tax credit for any expenses reimbursed through your Dependent Care FSA. Consult a tax professional to determine if a Dependent Care FSA or the federal tax credit would be more advantageous.

WHAT HAPPENS TO FUNDS I DON'T USE?

Expenses must be incurred within the plan year. Refer to your plan highlights for deadlines to submit claims.

BEGIN USING YOUR BENIVERSAL CARD

If you have enrolled in an FSA for the first time and the Beniversal® Prepaid Mastercard® is offered, it will arrive in a plain white envelope. Once you receive your card, activate it by calling the number on the activation sticker.

The **Beniversal Prepaid Mastercard** can be used at qualified merchants providing medical products and services (doctors, dentists, medical labs, hospitals, medical supply stores, vision centers, certain drugstores, and retail merchants). A list of these merchants is available on our website. The card also allows for contactless payments through Apple Pay®, Samsung Pay® and Google Pay®.

When using your card, always save your itemized receipts. With an FSA, the IRS requires BRI to verify that 100% of transactions are for eligible expenses. Since some qualified merchants also offer services/items that are not eligible, we may contact you requesting documentation to verify a transaction. Instructions will be provided in the event of a request.
